Building A Resilient Workforce

RESILIENT

We continue to broaden the reach of the Foundation; going beyond charitable giving to reinvest in the future workforce of the construction industry. We've partnered with the non-profit **Resilient**, and the Construction Industry Service Corporation (CISCO), **on an apprenticeship pipeline program—UPSTART—that showcases construction trades as a viable career path for high school students.** The recently launched program raises students' awareness of the value of a trade career, and, importantly, support to prepare and apply for apprenticeships. As a comprehensive career path program to employment in the trades, UPSTART offers the unique opportunity to directly connect with, and mentor under, employer / union member sponsors, such as Executive Construction and our industry partners.

In addition to Executive Construction's apprentice sponsorship, we're grateful for the support of our trade partners who have committed to at least one apprenticeship in the program's inaugural year.

Resilient provides support and mentorship to hundreds of at-risk kids in the Roosevelt Road Corridor in DuPage County. Their programs **impact marginalized youth, ages 5-20 years old, to foster the development of upstanding character, life skills, independence and self-empowerment.** To learn more about Resilient and the tremendous impact they are having in their community, visit resilientstrong.com.

FOUNDATION

Great ideas are developed together—we're continuing to navigate new ways we can be of service to build a stronger community together. The Executive Construction Foundation looks forward to giving back through a variety of build projects we have planned for this year. **We're collaborating with Elim Christian Services, Anixter Center, and the Gateway Foundation on select facility refreshes throughout 2021!**

THANK YOU TO OUR DONORS!

We can't do this alone, and are grateful for the generosity of our partners that have donated to the Foundation. Please consider supporting the firms that have helped us bolster the charitable work being done in Chicagoland to improve the lives of others.
