

**THANK YOU TO OUR DONORS!**

We can't do this alone, and are grateful for the generosity of our partners that have donated to the Foundation. Please consider supporting the firms that have helped us bolster the charitable work being done in Chicagoland to improve the lives of others.

**Coming Together to Support WING's Program in Time of Need**

Each holiday season, Executive Construction Foundation leadership designate a local non-profit to support with a financial donation. **This year, we selected WINGS Program, whose mission is to provide housing, integrated services, education, and advocacy to end domestic violence.** As the largest domestic violence service provider in Illinois, WINGS provides a pathway to independence for adults and children escaping abuse. Sadly, while there is always a need for such support, domestic abuse increases during the holidays.

**In this season of compassion, and increased need, we encouraged our team members to join us in the spirit of giving!** Beyond the Foundation's donation, we circulated the organization's "holiday wish list" in the hopes we could help check off as many of the items as possible. We were overwhelmed by the response of those that independently purchased items and—thanks to raising an additional \$2,000 in staff contributions—we crossed-off every item and tackled their open donations wish lists, as well! This week we delivered the **much-needed essentials and kids' arts and crafts activities to support WINGS' housing and children's program.**

We're so proud to support WINGS in this great time of need, and grateful to all of our staff that contributed to this worthy cause. **To make a difference yourself and find ways to help their mission, visit: <https://wingsprogram.com/ways-to-help/>**
